## **Academics/Eligibility**

To help ensure academic success, the Athletic Director and/or Principal will review the grades of all student athletes/student athletes/participants every five weeks. Any student who is failing two or more courses at the time of five-week reports or end of quarter report cards will be placed on academic suspension. While on academic suspension, the student athlete/participant must attend a mandatory study hall, from 7:00 am to 7:40 am, in order to remain academically eligible to play. These study halls will meet every day that school is in session. If the student is late to, decides not to attend, or does not remain present for the entirety of the study hall, he/she will automatically be ineligible for the next scheduled game. In the event that a student athlete/participant misses or is tardy for more than one study hall, he/she will remain ineligible to play for the amount of games that are equal to the amount of missed/tardy study halls. If the number of missed or tardy study halls exceeds four (4) total, the matter will be reported to the Extracurricular-Athletic Review Board, which will then meet to determine what further action is necessary.,

All suspensions will be for a minimum of 5 weeks and carry over from one school year to the next. Ineligibility lists will be generated for all fall sports based on students' academic standing from the fourth quarter of the previous academic year.

Student athletes/participants in need of receiving extra academic support from teachers are encouraged to schedule extra help sessions at times other than when practice for their respective team is scheduled. In the event that this is not possible, student athletes must alert the coach that they will be missing part, or all of practice. Upon entrance to practice or the next scheduled practice, whichever applies, student athletes are required to submit a pass to the coach/advisor with the date, time and teacher's signature, verifying that they were receiving additional academic support during the missed practiced. Student athletes/student athletes/participants should not be penalized by a coach, in any manner, for seeking extra academic support.

## **Appearance**

Student Athletes/participants should refer to Heatly School's Code of Conduct for guidelines on what is considered appropriate attire. When traveling to another facility, these guidelines remain in effect. On game days, and while traveling, student athletes/participants should not wear clothing with holes or ripped edges. Furthermore, male student athletes/participants are encouraged to wear a button down shirt and tie, with pants other than jeans, on game days. Female student athletes/participants are encouraged to wear skirts/dress pants and collared or button down shirts. As an alternative, it is acceptable for student athletes

to wear team apparel or other team coordinated outfits to school on game days. Student athletes/participants that do not comply with these guidelines will receive consequences, including, but not limited to being declared ineligible to play in that day's game.

## **Commitment of Participation/Attendance**

### ***Absence from games***

Student athletes are required to complete a full season of a sport to which they have made a commitment of participation. "Completing a full season" is defined as attending, and being prepared to participate in every scheduled game within the regular season, as well as playoff, sectional, and tournament games.

Students athletes who fail to fulfill a commitment of participation made to any athletic team are subject to a mandatory suspension from further participation in athletic events. Such suspensions will be equal to the amount of games the student athlete failed to attend, or was unprepared to play in. In the event that an athletic team is eligible to participate in playoff, sectional, or tournament play, however is unable to do so because of a student athlete's or student athletes' failure to fulfill a commitment of participation, said athlete(s) will receive a mandatory two game suspension. All suspensions attributed a student athlete's failure to fulfill their commitment of participation will commence with the first game that the student athlete attends after the absence(s) leading to such a suspension. These suspensions will be served in consecutive games, with no consideration being given to whether they are league or non-league games. In the event a student athlete does not attend a game(s) after he/she has have begun to serve an athletic suspension, additional games of suspension will be added to the initial suspension, equal to the amount of games missed.

In the event that the number of games remaining in a levied athletic suspension is greater than the amount of games remaining in an athletic season, including playoff, sectional, or tournament play, the suspension will be carried over to subsequent athletic seasons. Student athletes may not participate on any athletic team if they have outstanding games of suspension.

Listed below are the only instances for which student athletes will be excused from their commitment to participate:

Illness/Injury

Quarantine

Death in the family

Religious observance

Court date

Board of education approved school trip

Family Vacations that do not result in illegal absences from school\*

\*Please note, individual coaches may have team rules regarding these instances

### ***Dropping a sport or activity***

A student, who withdraws himself/herself from a sport or activity after the 5<sup>th</sup> day of practice, will not be eligible to participate in another sport/activity at any level for up to 3 seasons or one year after date of withdrawal. Student athletes/participants, who wish to drop a sport, must complete the drop form and hand it into the coach/advisor. The form is located in the Principal and Athletic Directors offices.

### ***Detention***

In the event that a student athlete/participant is assigned a school detention on the day of a game, that athlete is ineligible to play in that game. In instances where student athletes/participants receive a detention on a non-game day, consequences for that particular detention will be up to each individual coach and should coincide with that coach's team rules. Additionally, the coach is responsible for making sure that any athlete with detention participates only in the physical conditioning components of practice. This should not include ball work or "role-playing."

### ***Absences and tardiness on days following games***

Absence or tardiness on days following a game/event is strictly forbidden. In the event that a student athlete is illegally absent or illegally tardy on a day following a game, the chart below will be used to determine the consequence for the infraction.

Soccer	Athlete will not play for 50% of first half of the next scheduled game
Volleyball	Athlete will not play for entire first game of the next match
Basketball / Cheerleading	Athlete/participant will not play/cheer for the entire first quarter
Baseball/Softball	Athlete will not play for the first two (2) innings
Extracurricular Clubs	Discretion of advisor, Principal and Athletic-Extracurricular review Board

Length of suspension may be increased based on coach's discretion.

### **Attitude & Conduct**

During the entire school year, July 1 to June 30, all student athletes/participants must function with a positive attitude, and conduct themselves in an exemplary manner. Any team/club member who brings embarrassment to her/himself, the team/activity or the school will be subject to a meeting with the Athletic-Extracurricular Review Board (AERB). Furthermore, if any student is found to be participating in an illegal activity, that student will be subjected to a mandatory AERB Meeting, regardless if the event occurred outside of school.

of this rule. Any student-athlete who has agreed to this Code of Conduct and who is found to have voluntarily remained in the vicinity of a gathering prohibited by this section shall be guilty of a violation of this rule whether he or she consumes or uses any substance at all.

No student-athlete will be deemed to have violated this rule if he or she can show to the satisfaction of the building Principal, Athletic Director and coach that, immediately upon becoming aware that underage drinking and/or drug use is present at a party or social gathering, he/she completely removed himself/herself from the place where the party or social gathering was held, including parking areas.

Such discipline may include suspension or expulsion from any or all extracurricular activities, depending on the circumstances of each case.

Parents/guardians of any such student-athletes who are subject to disciplinary action will be notified by the appropriate coach, Athletic Director, or building Principal and will be afforded the opportunity to discuss the alleged misconduct, together with the student-athlete charged, with the coach or other appropriate school official within forty-eight (48) hours of receiving notice.
